

WALL SOLUTIONS

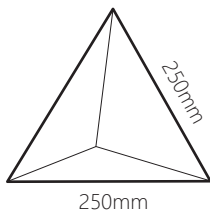

PYRAMID

 = 38 pcs = 1m²

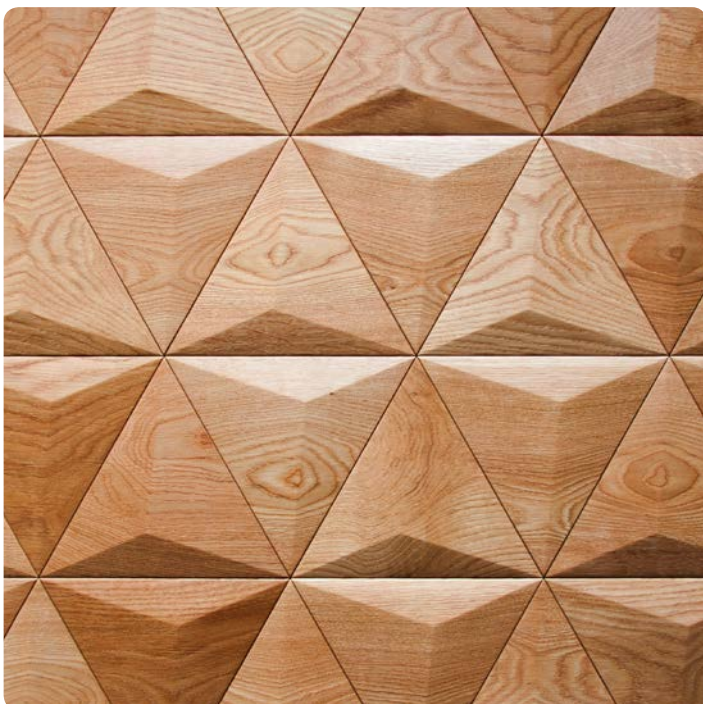

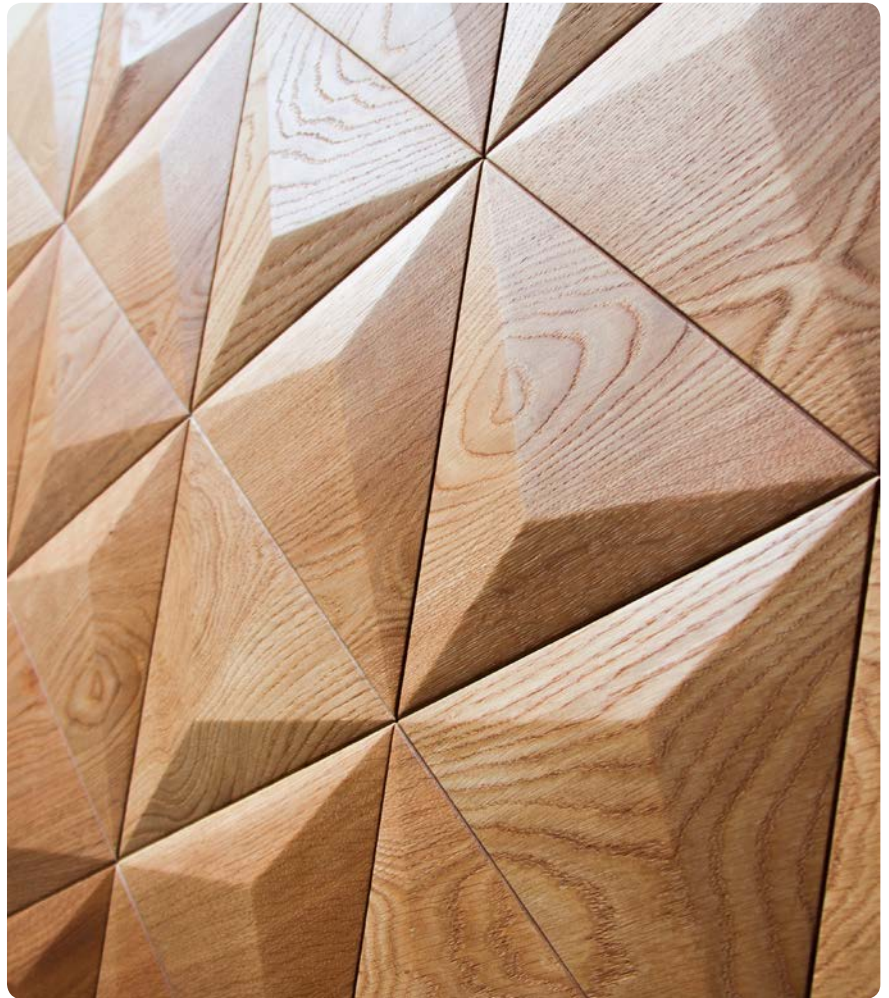

PRODUCT FEATURES:

- panel with an equilateral triangle profile
- no symmetry, the surface is refracted at three different angles
- minimalistic design
- geometric form that perfectly matches modern interiors
- arrangement in the form of a pattern as well as the entire wall

PRODUCT SPECIFICATION:

- thickness: 25mm
- material: engineered plywood + wood
- wood type: oak
- finish: satin oil
- weight: 350g

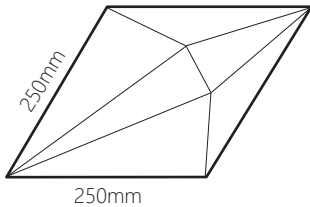

DIAMOND

= 19 pcs = 1m²

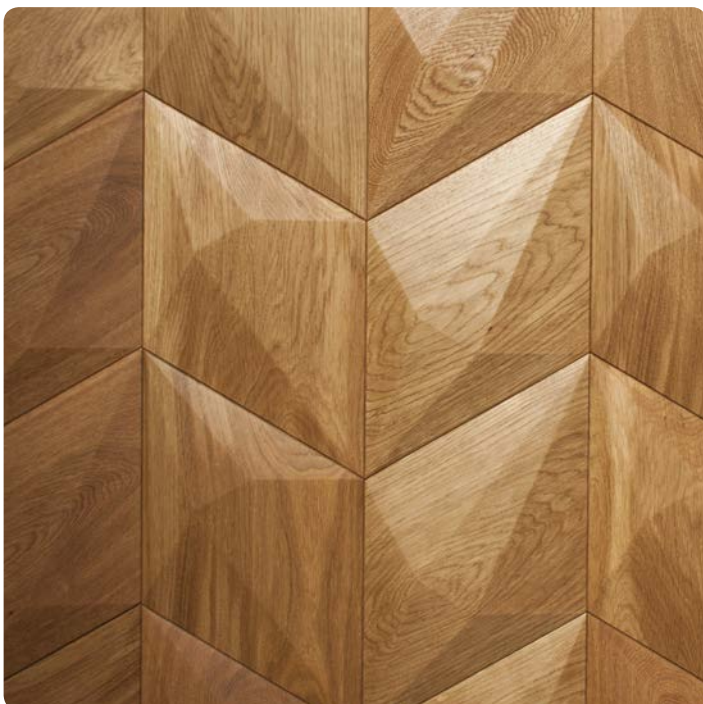

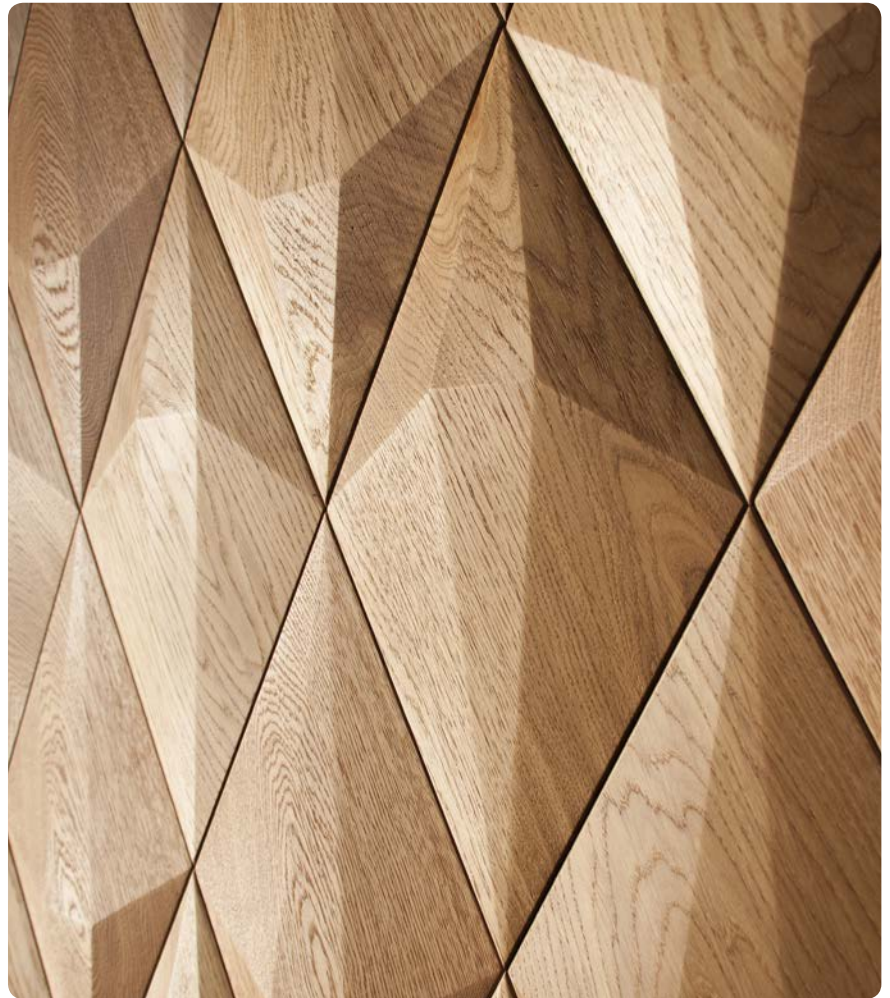

PRODUCT FEATURES:

- panel with an equilateral rhombus profile
- geometric diamond-like form
- many surfaces that refract light and disperse sound
- variety of visual effects
- the effect of spaciousness combined with elegance and simplicity

PRODUCT SPECIFICATION:

- thickness: 30mm
- material: engineered plywood + wood (optionally solid oak)
- wood type: oak
- finish: satin oil
- weight: 800g

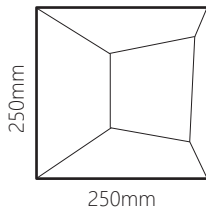

PILLOW

= 16 pcs = 1m²

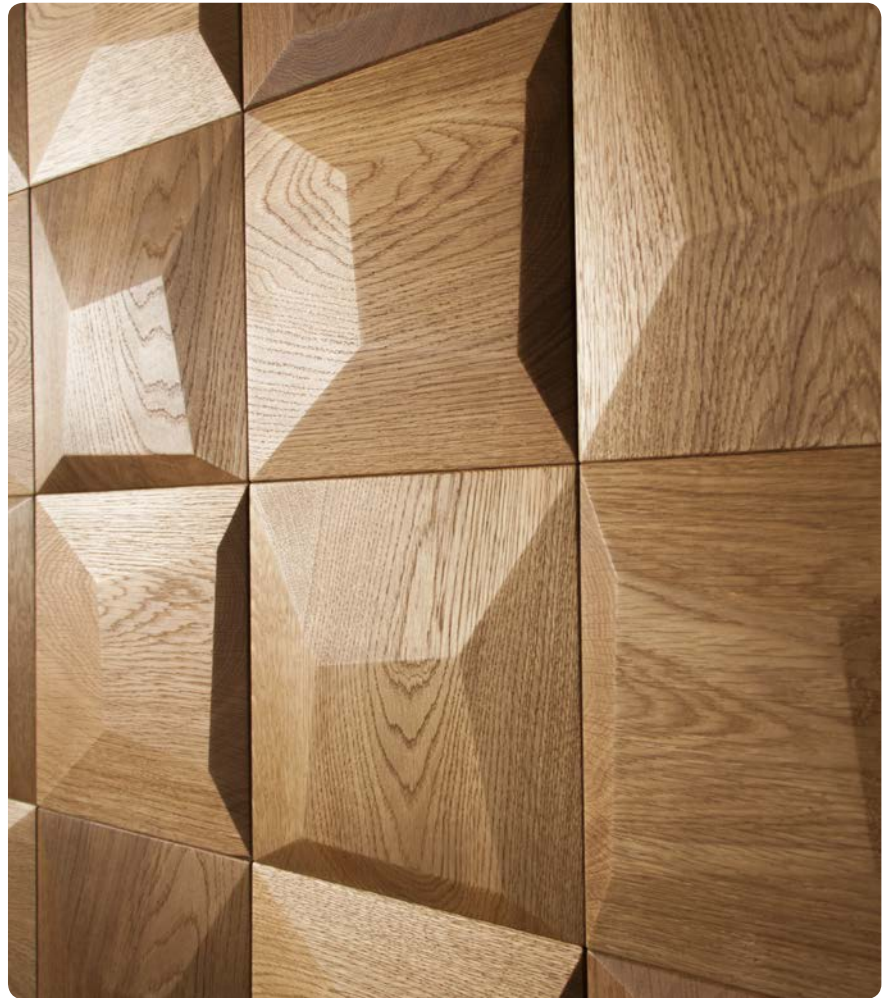

PRODUCT FEATURES:

- square profile panel
- five asymmetrical planes refracted at different angles
- the effect of soft pillows
- the possibility of arrangement in a checkered layout of grains
- efficiency and ease of assembly thanks to the perpendicular form

PRODUCT SPECIFICATION:

- thickness: 30mm
- material: engineered plywood + wood (optionally solid oak)
- wood type: oak
- finish: satin oil
- weight: 950g

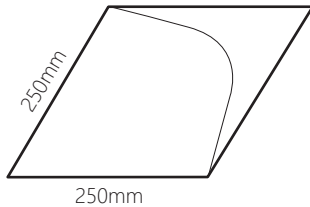

CARO PLUS

 = 19 pcs = 1m²

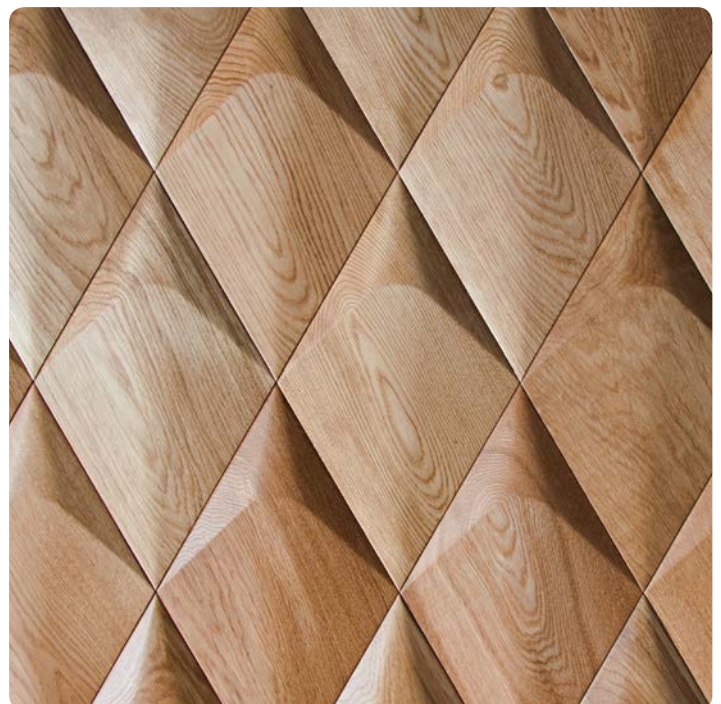

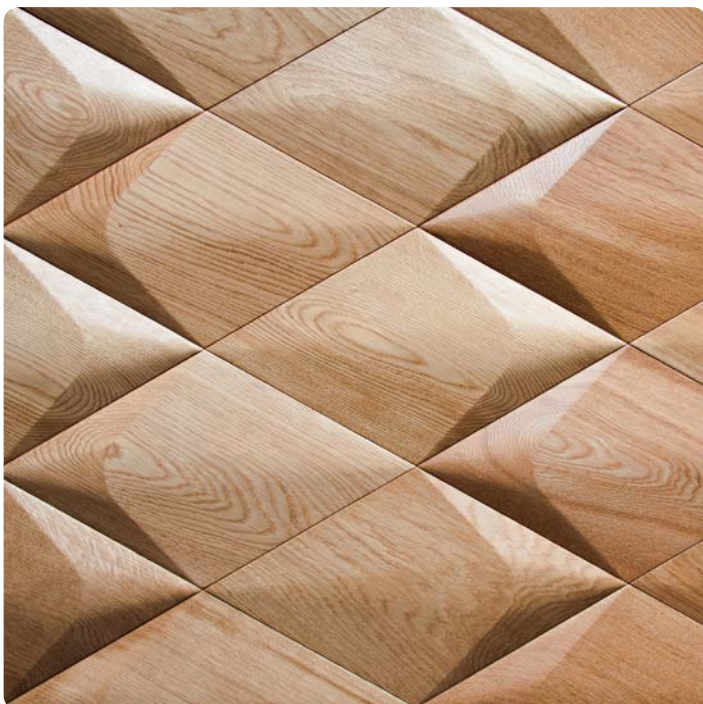

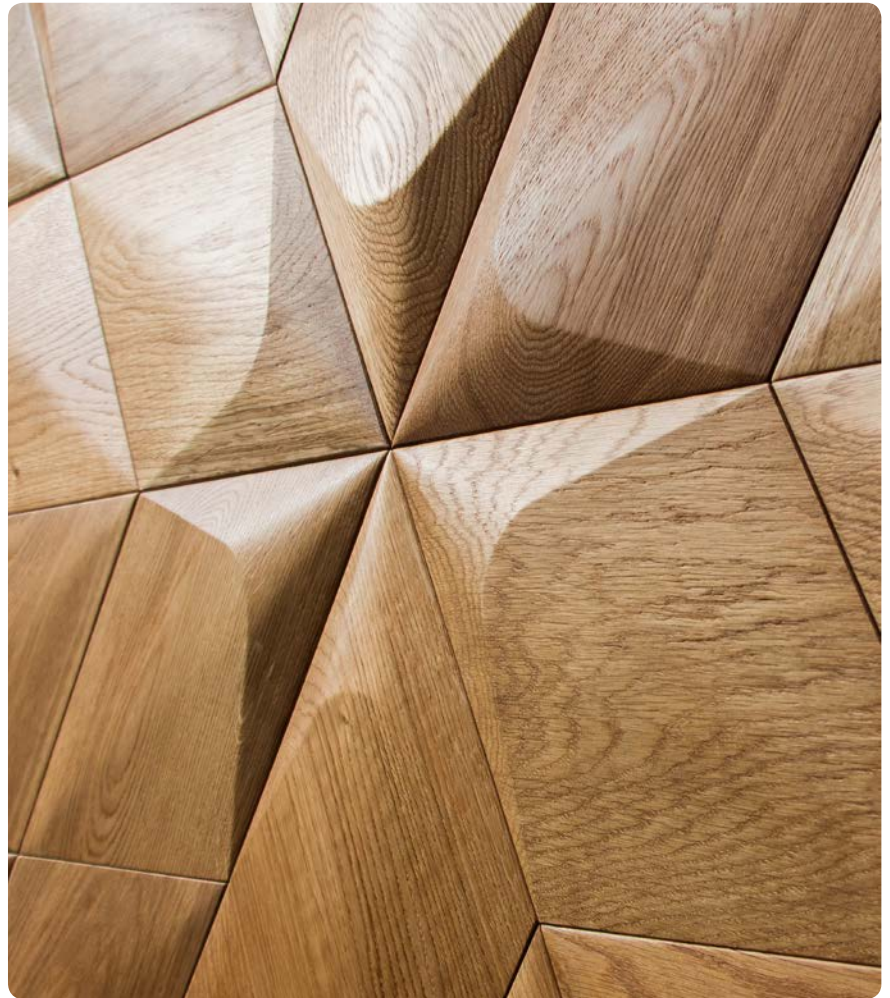

PRODUCT FEATURES:

- panel with an equilateral rhombus profile
- one-sided symmetry
- soft, delicate form
- variety of arrangements in many spatial effects
- possibility to connect with the CARO MINUS model

PRODUCT SPECIFICATION:

- thickness: 30mm
- material: engineered plywood + wood (optionally solid oak)
- wood type: oak
- finish: satin oil
- weight: 800g

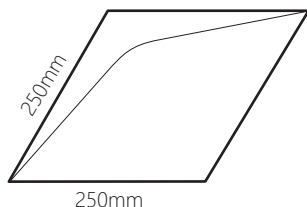

CARO MINUS

 = 19 pcs = 1m²

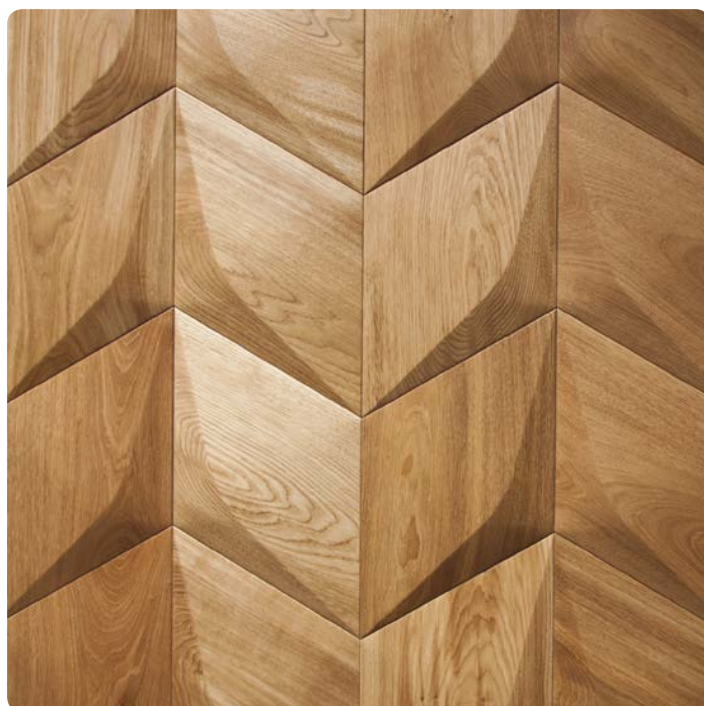

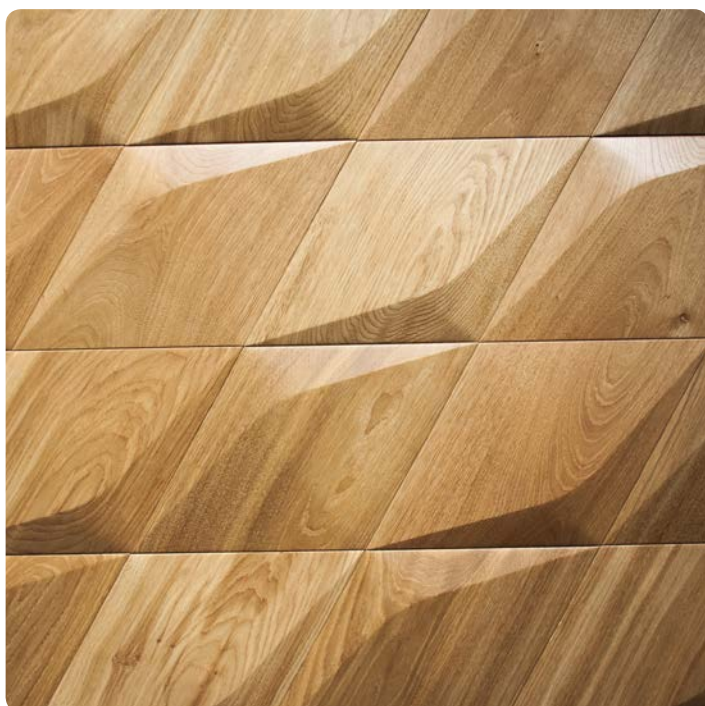

PRODUCT FEATURES:

- panel with an equilateral rhombus profile
- one-sided symmetry
- soft, delicate form
- variety of visual effects
- configurable in hexagon form
- possibility to connect with the CARO PLUS model

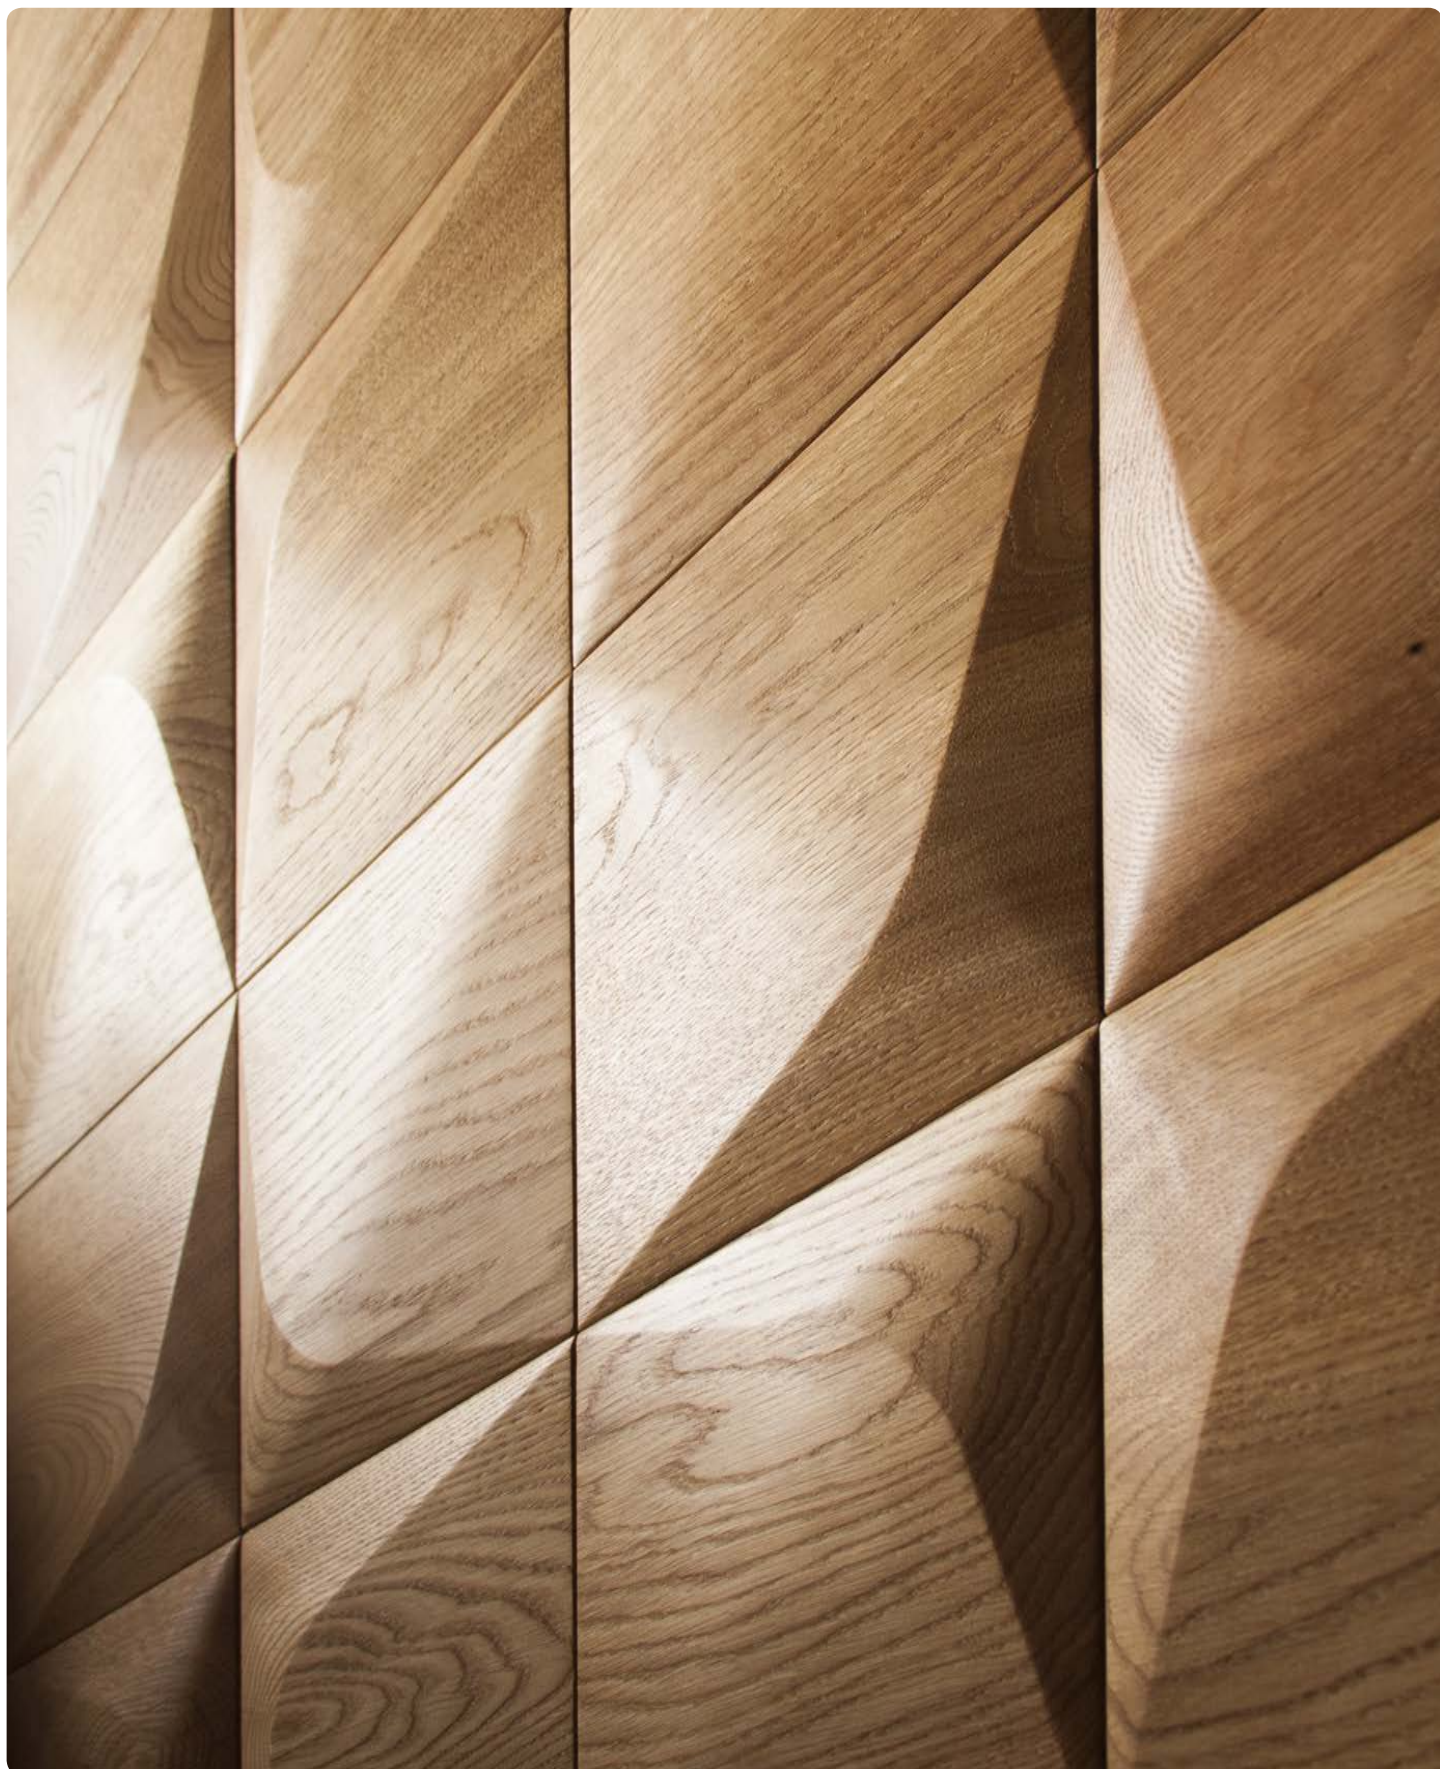

PRODUCT SPECIFICATION:

- thickness: 30mm
- material: engineered plywood + wood (optionally solid oak)
- wood type: oak
- finish: satin oil
- weight: 800g

 CARO PLUS + MINUS

 = 19 pcs = 1m²

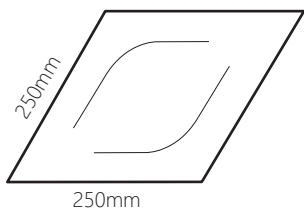

CARO TWIN

 = 19 pcs = 1m²

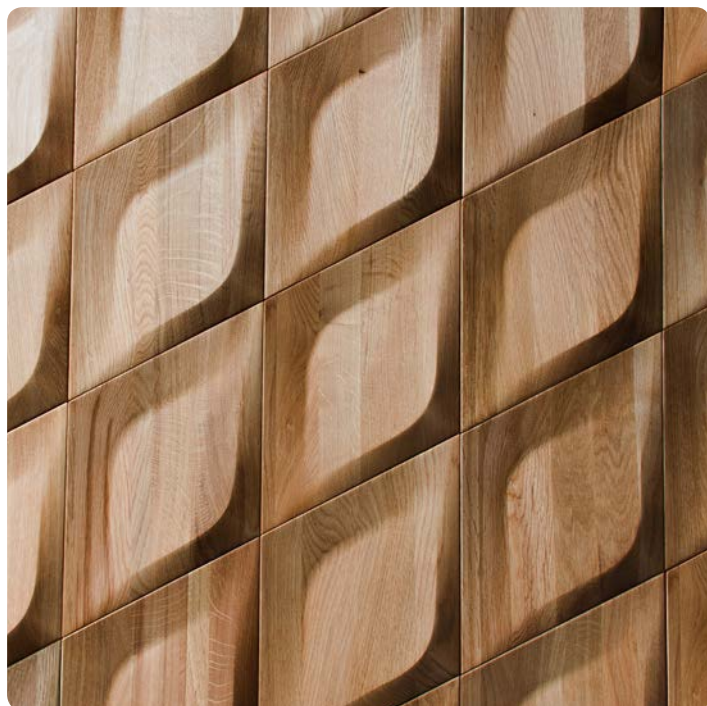

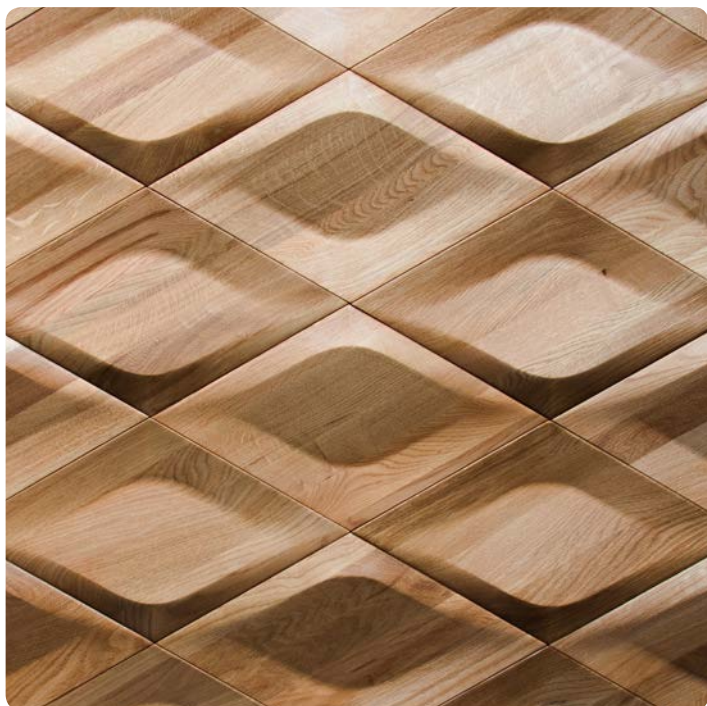

PRODUCT FEATURES:

- panel with an equilateral rhombus profile
- unique, organic design
- concave surface with a maximum depth effect
- variety of visual effects
- configurable in hexagon form
- excellent acoustic properties

PRODUCT SPECIFICATION:

- thickness: 35mm
- material: solid wood
- wood type: oak
- finish: satin oil
- weight: 700g
